## Overview

Welcome to Deltek Touch CM for GovWin 1.4.1 Release Notes. These release notes contain a summary of the following:

- Pre-Installation Information
- Enhancements

The official name of the application is *Deltek Touch CM for GovWin*. This document only uses it at first mention. The succeeding instances of the application name display *Touch CM*.

In addition, the application name in *Google Play*, *Apple App Store*, and *Windows Store* displays *Deltek Touch CM for GovWin*.

---

## Pre-Installation Information

Before you begin the installation of Touch CM, it is important to understand the information discussed in this section.

### Technical Considerations

The following requirements must be met to run Touch CM:

- This particular release (Touch installer 1.4.1), which includes Touch Server 1.4.0.1, only covers the PHP update.

The Touch installer works with Deltek GovWin CM 7.3 Cumulative Update #16 and GovWin CM 7.4 Cumulative Update #04.

- Touch CM requires that GovWin CM is accessible to your mobile device either over the Internet or via a private network to which your device is connected. For additional information about known issues, see Deltek Knowledge Base [#72782](#).
- Touch CM supports communication with the GovWin CM server via HTTP or HTTPS. Deltek recommends that you use HTTPS protocol in your production deployment. HTTPS encrypts the data in transit.
- You must install Touch CM on an IIS server that is installed on Windows 2008, Windows Server 2008 R2, Windows Server 2012, or Windows Server 2012 R2.
- Touch CM supports applications from the *Google Play*, *Apple App Store*, and *Windows Store*.
- If you are using an unsupported version of GovWin CM (compatibility mode), you can use your device's native browser to enter your organization's Touch CM URL. The default URL can be changed to something else by the administrator. The Touch CM URL has the format <https://<server>/deltektouch/vision/cm>, where <server> refers to the host name of your Touch Server.

For more information, see the *Deltek Touch for GovWin Capture Management Installation Guide*.

## Compatibility Mode Definitions

Compatibility Mode	Description
<b>Fully Compatible</b> 	You must be on the latest version of each component (Touch CM application, Touch Server, and API). All features and functions in the application are available to you.
<b>Partially Compatible</b> 	At least one of the components (Touch Server and/or API) is an older version. Some features of the application are hidden and not available to you.
<b>Browser Compatible</b> 	At least one of the components (Touch Server and/or API) is an older version. The current application does not work with the Touch Server or API, but you can still use the application through the mobile browser.
<b>Incompatible</b> 	There are some combinations of API and Touch Server that make it impossible to even use the browser version to run the application.

## Mobile Device Requirements

The Touch CM application supports mobile devices that run on the following operating systems:

- Apple iOS 7 and higher
- Android 4.x and higher
- Windows Phone 8.1 and higher

## For Additional Information

### Customer Care Connect Site

The Deltek Customer Care Connect site is a support Web site for Deltek customers who purchase an Ongoing Support Plan (OSP).

The following are some of the many options that the Customer Care Connect site provides:

- Search for product documentation, such as release notes, install guides, technical information, online help topics, and white papers
- Ask questions, exchange ideas, and share knowledge with other Deltek customers through the Deltek Connect Customer Forums
- Access Cloud specific documents and forums
- Download the latest versions of your Deltek products
- Search Deltek's knowledge base
- Submit a support case and check on its progress
- Transfer requested files to a Customer Care analyst
- Subscribe to Deltek communications about your products and services
- Receive alerts of new Deltek releases and hot fixes
- Use Quick Chat to submit a question to a Customer Care analyst online

For more information regarding Deltek Customer Care Connect, refer to the online help available from the Web site.

### Access Customer Care Connect

To access the Customer Care Connect site, complete the following steps:

1. Go to <http://support.deltek.com>.
2. Enter your Customer Care Connect **Username** and Password.
3. Click Log In.

If you forget your username or password, you can click the **Account Assistance** button on the login screen for help.

### Available Documentation for this Release

The following table lists the Deltek documentation available for this release. Except where noted, all the user guides and quick reference guides listed in this table are available for download from the Deltek Customer Care Connect site.

Document Name	Description
Deltek Touch CM for GovWin Installation Guide	This document provides instructions for the installation and configuration of application.

<b>Document Name</b>	<b>Description</b>
Deltek Touch CM for GovWin User Guide	This document contains detailed information and instructions on how to use various features of the application.

## Enhancements

This section includes summaries of the enhancements made to existing features in the 1.4.1 release.

### **PHP Upgrade to Fix Heap-Based Buffer Overflow (CVE-2015-0235)**

This release addresses **CVE-2015-0235**, a heap-based buffer overflow in the `__nss_hostname_digits_dots` function in glibc 2.2, and other 2.x versions before 2.18. It allows context-dependent unauthorized users to execute arbitrary code via vectors related to the (1) `gethostbyname` or (2) `gethostbyname2` function also known as "GHOST."

Deltek strongly suggests that you install the latest application version, which includes the security patch from the vendor.

---

Deltek is the leading global provider of enterprise software and information solutions for professional services firms, government contractors, and government agencies. For decades, we have delivered actionable insight that empowers our customers to unlock their business potential. Over 14,000 organizations and 1.8 million users in approximately 80 countries around the world rely on Deltek to research and identify opportunities, win new business, optimize resource, streamline operations, and deliver more profitable projects. Deltek – Know more. Do more.®
